

Summer Village of
Gull Lake

Call for Volunteers – Weed Management Committee

The Summer Village of Gull Lake is seeking residents interested in serving on its **Weed Management Committee**.

This Committee plays an important role in supporting the Village's efforts to manage regulated weeds, protect our natural environment, and ensure compliance with the Alberta Weed Control Act. Committee members provide input, share local knowledge, and assist in shaping practical, community-based approaches to weed management.

We are looking for individuals who:

- Have an interest in environmental stewardship and community involvement
- Are willing to contribute to constructive, respectful discussions
- Can bring a variety of perspectives from across the community

No prior experience is required—just an interest in contributing to the wellbeing of our community.

Time Commitment:

The Committee meets periodically throughout the year, with additional involvement on an as-needed basis.

If you are interested in serving, please submit a brief expression of interest to the Village Office at:

Admin@summervillageofgulllake.com

Deadline: April 14, 2026

We thank all applicants for their interest; appointments will be made by Council.
